## 1.0 Introduction

An emergency/major incident is any event or circumstance (happening with or without warning) that causes or threatens death or injury, disruption to the community, or damage to property or to the environment on such a scale that the effect cannot be dealt with by the emergency services, local authorities and other organisations as part of their normal day-to-day activities.

Although there is no statutory responsibility for communities to plan for, respond to, or recover from emergencies, it is good practice to identify hazards and make simple plans on how they could respond to them.

St Stephen in Brannel Parish Council has developed this plan to provide resilience for the community in the pre-event phase or early stages of an emergency.

The St Stephen in Brannel Community Response Team has been formed to assist the activation of this plan and to assist the emergency services wherever possible, prior to, during and after an emergency event.

### 1.1 Aim

The aim of this plan is to increase resilience within the local community through developing a robust co-ordinated approach that compliments the plans of responding agencies.

### 1.2 Objectives

- Identify the risks most likely to impact the community
- Identify relevant steps to mitigate and respond to emergency situations, including warning the community as required.
- Identify vulnerable people / groups / establishments in the community
- Identify community resources available to assist during an emergency
- Provide key contact details for the Community Response Team, Key Community Resources, the Emergency Services and Local Authorities.
- Provide information and assistance to the Emergency Services upon their arrival and as appropriate throughout the event.

## 2.0 Activation Procedure/Trigger and Escalation

A guideline activation procedure can be found in **Annex A**. This procedure details the call out order, communicating of information to the community and logging of actions.

Specific flood triggers and escalation procedures will be detailed in **Annex H**

### 3.0 Community Response Team

A Community Response Team (CRT) has been established to coordinate the community's response to an incident. They are also responsible for keeping the plan up to date.

Role	Name	Tel	Mobile	Address
Coordinator	Linda Ranger	01726 823003	07776 524220	Office 2 Brannel Room 22 Fore Street St Stephen St Austell PL26 7NN

Team Member	Linda Yates		07875 431873	Pendeen Goverseth Foxhole St Austell PL26 7XD

### **The role of the Community Response Team Co-ordinator is to:**

- Pull together the Community Response Plan
- Ensure that the plan is regularly reviewed and updated.
- Report annually to the Community detailing if the plan has been activated and highlighting any changes to the CRT members.
- Act as a focal point for the community in the response to an emergency
- Act as the main contact point for the Cornwall Council and the emergency services, to ensure that two-way communication is maintained.
- Ensure that the appropriate authorities and individuals are notified.
- Communicate important messages to the community.
- Delegate specific roles to others on the CRT
- Activate resources as required.

Tasks should be delegated to team members as appropriate. The Co-ordinator should ensure that all team members are engaged in the planning and response processes.

### **All members of the Community Response Team should:**

- Reside in the community.
- Have good local knowledge.
- Be able to activate the support of the community and speak on behalf of the community.
- Ensure that the vulnerable are provided with additional assurance during an emergency.
- Ensure that communications are maintained within the community and Cornwall Council.
- Ensure that confidentiality is maintained where necessary.
- Maintain his/her own action log in the event of an emergency.
- Create a 'grab bag' containing the plan and any appropriate clothing / equipment which may be required.
- Have sufficient knowledge of the plan to act as Co-ordinator in their absence.

The Deputy and other team members should support the Co-ordinator in carrying out their role.

## **4.0 Incident Co-ordination**

The community have identified their initial Incident Control Points (ICP) as follows:

The primary ICP will be at: **Brannel Room, 22 Fore Street, St Stephen, St Austell, PL26 7NN.**

The secondary ICP will be at: **St Stephen Community Centre, Fore Street, St Stephen, St Austell, PL26**

ICP equipment is located at: **Brannel Room, 22 Fore Street, St Stephen, St Austell, PL26 7NN.**

Upon arrival of the emergency services, who may locate at a different ICP, the CRT Co-ordinator should make him/herself known to the emergency services and provide them with a copy of the CEP and to be available to provide local knowledge.

## **5.0 Key information**

The Annexes of this plan provide areas to record key information to plan for and use in the event of an emergency.

Annex A	Emergency Action Check List and Template Logging Sheet
Annex B	Key Contact list (Publicly available)
Annex C	Risk Assessments (Identifying risks to the Community)
Annex D	Community Resources
Annex E	Householders Emergency Plan
Annex F	Communications
Annex G	Maps of the Community
Annex H	Community Flood plan
Annex I	Plan Distribution

### Restricted Distribution

Annex R1	Key Contact (Not for general distribution)
Annex R2	Vulnerable Groups within the Community.

## **6.0 Plan Maintenance**

The CRT should meet to discuss the community's resilience arrangements at least on a yearly basis.

A full review of the plan by the CRT should be carried out annually to ensure that the contact numbers are still correct.

When issuing updated pages of the plan it is important to ensure the removed pages are returned as this will help ensure that all the plans are correctly updated.

## Annex A

### Emergency Action Check List

Action		Complete
1	Where an emergency is possible or anticipated monitor the situation and warn members of the CRT and community as appropriate. Be prepared to respond urgently.	
2	Dial <b>999/112</b> and ensure the emergency services are aware of the emergency and follow any advice given.	
3	Contact and inform Cornwall Council.	
4	Begin recording details on the Log Sheet overleaf including: <ul style="list-style-type: none"><li>• Any decisions you have made and why.</li><li>• Actions taken.</li><li>• Who you spoke to and what you said. (Including contact numbers)</li><li>• Any information received.</li></ul>	
5	Contact other members of the Community Response Team and members of the community that need to be alerted by agreed method. <ul style="list-style-type: none"><li>• Households affected.</li><li>• Volunteers and key holders as appropriate.</li></ul>	
6	If necessary, call a community meeting but ensure the venue is safe and people can get there safely	
7	Make sure you take notes and record actions from the meeting. If a decision is reached to activate an Emergency Plan remember to follow the appropriate check sheet.	
8	When the emergency services attend, the co-coordinator should make him/herself and the CEP available.	

**UNDER NO CIRCUMSTANCES SHOULD YOU PUT YOURSELF OR OTHERS AT RISK TO FULFIL THESE TASKS.**

# Logging Sheet

It is important to record all information during an emergency. Completing a logging sheet is an easy way to ensure information is not lost. It can also help support / justify any decisions made or actions taken.

Date	Time	Information / Decision / Action	Initials

## Annex E

### Household Emergency Plan

Emergencies can affect the County with little or no notice. Being prepared can help reduce the effects on your families' lives, reduce the need for help from others and enable you to support the vulnerable in your community.

Disruption to essential services such as water and electricity, to regional and national travel and telecoms are all ways an emergency can affect our busy everyday lives.

**Complete the following sections and keep the plan in a safe place that all members of your household can easily access:**

If you are not involved in an incident but are close by or believe you may be in danger, in most cases the advice is:

#### GO IN, STAY IN, TUNE IN, LOG IN

Station	Frequency	Website
BBC Radio Cornwall	95.2, 96, 103.9 FM	<a href="http://www.bbc.co.uk/radiocornwall">http://www.bbc.co.uk/radiocornwall</a>
Pirate FM	102.2, 102.8 FM	<a href="http://www.piratefm.co.uk">http://www.piratefm.co.uk</a>
HEART	105.1, 107	<a href="http://www.heart.co.uk/cornwall">http://www.heart.co.uk/cornwall</a>

#### INFORM THE REST OF YOUR FAMILY / HOUSEMATES

Household Contact Details		
Name	Mobile	Work

If you are evacuated is there somewhere you can go? Friends or Family?

If you can't contact each other, where should you meet / or who should you leave a message with?

Who will be responsible for picking the children up from school? (If applicable)

How do you turn off the following? Who is responsible?	
Electricity	
Gas / Oil	
Water	

## KEY CONTACT NUMBERS

Emergency Telephone Numbers			
Emergency Services		Doctor	
NHS Direct		School	
Local Police Station		Home Insurance	
Cornwall Council			

## Create an Emergency Box

Be prepared. Creating an emergency box will help you locate essential items quickly in an emergency.

Some suggested items are:	
Torch and spare batteries	Toiletries
Battery powered radio and spare batteries	List of useful contact numbers
Candles / Matches	A copy of this plan
First Aid Kit	

In case you are unable to leave the house, you should have:	
Bottled Water	Ready to eat food (tinned)
Bottle / Tin Opener	
In case you are stuck in your car, you should have:	
Bottled Water	Blankets
Torch and spare batteries	

If you are in a position where you are able to offer help to your community, start by checking that your neighbours are alright.
